

# Enrico Cinti

## Curriculum Vitae

---

### Education

- 2017-2019 M.A. Philosophy**, Department of Philosophy, Università degli Studi di Milano, Milano, Italy  
**Thesis Title:** *Time and Change in Loop Quantum Gravity*  
**Supervisors:** Prof. Giuliano Torrenco (Università degli Studi di Milano), Prof. Christian Wüthrich (University of Geneva)  
**Final Mark:** 110 cum laude/110  
**Degree Awarded on:** 08/07/2019
- 2014-2017 B.A. Philosophy**, Department of Philosophy, Università degli Studi di Milano, Milano, Italy  
**Thesis Title:** *Branching Time and the Assertion Problem: Structure and Solutions*  
**Supervisor:** Prof. Giuliano Torrenco (Università degli Studi di Milano)  
**Final Mark:** 110 cum laude/110  
**Degree Awarded on:** 19/04/2017
- 2009-2014 High School Diploma - Classical Studies**, Liceo Classico Ernesto Cairoli, Varese, Italy  
**Final Mark:** 95/100

---

### Visiting Experience

- May 2018 Visiting Student**, Geneva Symmetry Group, University of Geneva, Switzerland

---

### Areas of Specialization and Competence

- AOS** Metaphysics, Philosophy of Time, Philosophy of Physics  
**AOC** Philosophy of Science, Logic

---

### Publications

- 2019** *Scienza e Matematica: il Caso dell'Indispensabilità* (in italian, english title: *Science and Mathematics: the Case of Indispensability*), Proceedings of the Conference *Lost in Physics and Metaphysics: Questioni di Realismo Scientifico*, ed. G.M. D'Ariano

---

### Conferences, Talks and Presentations

- Jan 2018** *Scienza e Matematica: il Caso dell'Indispensabilità* (in italian, english title: *Science and Mathematics: the Case of Indispensability*), Lost in Physics and Metaphysics: Questioni di Realismo Scientifico, Istituto Lombardo - Accademia di Scienze e Lettere
- Oct 2017** *Emergent Gravity and Emergent Spacetime* (joint work with Cristian Mariani), Emergence: Epistemological and Metaphysical Issues, University of the Basque Country

- Sep 2017** *Emergent Gravity and Emergent Spacetime* (joint work with Cristian Mariani), CPT Brainstorming, State University of Milan
- Sep 2016** *Concrete Worlds And Quantum Possibilia*, SOPhIA 2016, University of Salzburg (accepted and refereed)
- July 2016** *The Boundary Between Ground And Cause*, 5th Hamburg Summer School In Philosophy With Jonathan Schaffer, University of Hamburg (presentation)

---

### Book Reviews

- 2016** Review of *The Ultimate Star Wars and Philosophy: You Must Unlearn What You Have Learned* (with Fabio Ceravolo and Dario Mortini), RIFAJ-Rivista Italiana di Filosofia Analitica Junior 7:1

---

### Skills and Languages

- Italian** native speaker
- English** excellent writing and speaking abilities
- French** good writing and speaking abilities
- Latin** good translation abilities
- Ancient Greek** good translation abilities
- Software** LaTeX, Microsoft Office, PC/Mac, JustNN (basic knowledge), R (basic knowledge)

---

### Grants and Scholarships

- 2016** **Study Grant**, University Excellence Grant, Università degli Studi di Milano, Milano, Italy

---

### Professional Memberships

**Associate Member**, Centre for Philosophy of Time, Università degli Studi di Milano, Milano, Italy

---

### Personal Information

- Date of Birth** 
- Nationality** 

---

### Events Organized

- 2018** **Co-Organizer**, OMS Ontoformat Metaphysical Seminar, 2018 session (Main Organizer: Dr. Valerio Buonomo), Ontoformat Research Group (Coordinator: Prof. Paolo Valore)
- 2017** **Co-Organizer**, OMS Ontoformat Metaphysical Seminar, 2017 session (Main Organizer: Dr. Valerio Buonomo), Ontoformat Research Group (Coordinator: Prof. Paolo Valore)

---

### Additional Education

## University of **Additional Courses**

- Milan**
- Mathematical Logic I, M.A. course, Mathematics Department (prof. Marra)
  - Spacetime Geometries, PhD Course (prof. Bartocci)
  - Structural Realism in Philosophy of Physics, PhD Course (prof. Ladyman)
  - The Structure of Time: Divisibility and Causation, PhD Course (prof. Nolan, prof. Bernstein)
  - A Primer on Formal Argumentation, PhD course (prof. D'Agostino, prof. Mogdil, prof. Fermuller, Dr. Heyninck, prof. Hosni)

### Reading Groups

- Structural Realism and the Problem of Identity in Quantum Mechanics (PhD Reading Group) [in collaboration with the QUIT Group, University of Pavia]
- An Investigation into Spacetime Metaphysics Through the Structural Developments of Quantum Gravity (PhD Reading Group) [in collaboration with the QUIT Group, University of Pavia]
- The Moving Spotlight (PhD Reading Group)
- Complex Systems, Mind, Brain and Consciousness (PhD Reading Group)

---

## Summer Schools

- July 2017** **XX International Summer School in Philosophy of Physics: *Spacetime and Quantum Physics***, lectures held by prof. C. Wüthrich, prof. C. Rovelli, prof. F.A. Muller, prof. F. Vidotto, prof. T. Vistarini, University of Urbino
- Sep 2016** **XIX International Summer School in Philosophy of Physics: *Many Worlds Interpretation: Physics, Metaphysics and Cosmology***, lectures held by prof. G. Baciagaluppi, prof. F.A. Muller, prof. G. Auletta, prof. F. Martelli, Dr. C. Calosi, University of Urbino
- July 2016** **5th Hamburg Summer School in Philosophy with Jonathan Schaffer**, lectures held by prof. J. Schaffer, University of Hamburg

---
